# PERKINS ENGINES COMPANY LIMITED TERMS & CONDITIONS OF SALE

## TERMS & CONDITIONS OF SALE

### 1. DEFINITIONS

In these Terms and Conditions of Sale ("Terms and Conditions"), "the Contract" or "Agreement" means any purchase order acknowledgement or other contract in which these Terms and Conditions of sale are set forth, incorporated or referenced, "the Company" means the company whose name appears as the seller/ vendor or similar description in the Contract, "the Buyer" means the person, firm or company identified as the purchaser of the Goods in the Contract, and "the Goods" means the goods and/or services to be purchased by the Buyer under the Contract. All headings are included for reference purposes only.

### 2. BASIS OF THE SALE

2.1 The Company shall sell and the Buyer shall purchase the Goods in accordance with any written quotation or price list of the Company which is accepted by the Buyer, or any written order (including delivery schedules) of the Buyer which is accepted in writing by the Company (which in either case shall be deemed a Contract), subject in either case solely to these Terms and Conditions. The Contract, including these Terms and Conditions and the Service Warranty Manual referenced in Section 9, constitute the entire agreement between the Buyer and the Company with respect to the subject matter hereof and supersede all prior agreements, representations, statements and negotiations, whether oral or written. All terms and conditions of any purchase order or similar document of Buyer (other than product description and quantity) are expressly rejected, and shall not be binding on the Company, or applicable to the sale or the shipment of the Goods referred to in the purchase order. The failure of the purchase order to expressly incorporate these Terms and Conditions shall not prevent their application to Buyer's purchase(s) of the Goods. Acceptance of any order by the Company is conditional on the Buyer's acceptance of the Terms and Conditions set forth herein.

2.2 No variation, alteration or modification to these terms and conditions shall be binding unless agreed to in writing by a duly authorised representative of the Company.

2.3 The Buyer acknowledges that the sale of Goods under the Contract was not entered into in reliance on any representations made by any employee or agent of the Company or appearing in any sales literature or related data unless specifically incorporated into the Contract.

2.4 The Contract and these terms and conditions shall not create or give rise to nor shall it be intended to create or give rise to any third party rights except to the extent expressly stated herein or therein. The application of any legislation, including but not limited to the Contracts (Rights of Third Parties) Act 1999, giving to or conferring on third parties contractual or other rights in connection with the Contract shall be excluded.

### 3. ORDERS AND SPECIFICATIONS

3.1 All orders submitted by the Buyer shall be deemed to constitute an offer. No order for the Goods submitted by the Buyer shall be deemed to be accepted by the Company unless and until confirmed in writing by the Company.

3.2 The quality, quantity, scope, description of and any specification for the Goods shall be solely as set out in the Company's quotation, or Buyer's order and delivery schedules if and when they have been accepted by the Company in writing.

3.3 The Company reserves the right at any time to make any changes in the specification or design of the Goods where either such changes are required to ensure that the Goods conform with any applicable safety or other statutory requirements or where such changes do not materially affect their quality or performance. Delivery of Goods conforming to such altered specification or design shall constitute proper performance of the Contract by the Company.

3.4 Where the Buyer has prepared the specification or design for the Goods it is solely responsible for its accuracy and completeness.

3.5 No order which has been accepted by the Company may be cancelled in whole or in part by the Buyer except with the prior written agreement of the Company. Such agreement will only be given on terms which compensate the Company in full for all losses and expenses howsoever resulting from the cancellation.

3.6 The sale of the Goods by the Company does not confer any right or licence upon the Buyer to use or exploit in any way intellectual property rights subsisting in or relating to the Goods or which the Company is the proprietor or to which the Company is otherwise entitled.

3.7 The Company may at any time, without notice, make changes (whether in design, materials, the addition of improvements, or otherwise) in any Goods, and may discontinue the manufacture of any product, all in its sole discretion, without incurring any obligations of any kind as a result thereof, whether for failure to fill an order by the Company or otherwise.

### 4. PRICES

4.1 Unless Company specifically agrees otherwise in writing, prices shall be Company's prices in effect on the date of shipment from Company's factory or warehouse plus Company's actual cost and expense for shipment, insurance, consular fees, banking charges, etc. Company's terms of payment in effect on date of shipment from factory or warehouse shall apply.

4.2 Except as otherwise agreed in writing between the Company and the Buyer, all prices are given by the Company on a delivered ex works (EXW) basis and will exclude all duties, taxes and customs fees. Where the Company agrees to deliver the Goods elsewhere, the Company shall invoice the Buyer separately for the costs of transport, packaging, insurance and customs fees, duties and taxes.

4.3 All prices are exclusive of any value added tax payable which will be added where appropriate to all invoices at the then current rate.

4.4 The Company reserves the right by giving written notice to the Buyer at any time before delivery, to increase the price of the Goods to reflect any increase in the cost to the Company which is due to any factor beyond the Company's control, any change in delivery dates, quantities or specification which is requested by the Buyer or any delay caused by any instructions of the Buyer or failure of the Buyer to give the Company adequate information or instruction.

### 5. PAYMENT

5.1 Except as otherwise agreed in writing between the Company and the Buyer, the Company may invoice the Buyer for the price of the Goods on or at any time after shipment. Where delivery is ex works, the Company may invoice the Buyer forthwith after notifying the Buyer that the Goods are ready for collection.

# PERKINS ENGINES COMPANY LIMITED TERMS & CONDITIONS OF SALE

5.2 Except as otherwise agreed in writing between the Company and the Buyer, the Buyer shall pay the price of the Goods in pounds sterling within 30 days of the date of the Company's invoice, notwithstanding that delivery may not have taken place and title in the Goods has not passed to the Buyer. Time for payment of the invoice shall be of the essence. The Buyer shall also be responsible for all costs associated with making such payment to the Company.

5.3 The Company's prices do not include any sales, use, excise or other taxes which the Company may be required to pay in connection with fulfilling any of the Buyer's orders. The amount of any applicable present or future tax shall be paid by the Buyer as an additional charge or, in lieu thereof, the Buyer shall provide the Company with a tax exemption certificate acceptable to the taxing authorities.

5.4 Payment of all amounts invoiced must be made by the Buyer in full and without deduction or setoff.

5.5 Buyer shall be in default if it fails to make payment on time. Upon default, Company, without prejudice to any other right or remedy available to it, shall be entitled to:

5.5.1 Cancel the Contract or suspend any further deliveries to the Buyer, and/or at its sole discretion;

5.5.2 Charge the Buyer interest on the amount unpaid at the: (i) highest interest rate charge allowed by law; or (ii) the rate of four percent (4%) per annum above the Bank of England base rate from time to time calculated, whichever is less, from the payment due date until payment in full is received by Company.

5.6 When payments from Buyer are in default for sixty (60) or more days, all shipments to Buyer may be suspended until such default is cured. Buyer agrees to pay, on demand by Company, all costs of collection and legal fees incurred by Company in the collection of any credit extended by Company to Buyer or money owed by Buyer to Seller. If Buyer fails to make a payment hereunder when due, then Company shall have the option of immediately terminating this Agreement, withholding shipment of the Goods or offsetting such payment amounts against any amounts due from Company to Buyer.

## 6. DELIVERY

6.1 All delivery terms are to be interpreted by reference to the then current edition of INCOTERMS. Delivery of the Goods shall be made either (a) by the Buyer collecting the Goods at the Company's premises at any time after the Company has notified the Buyer that the Goods are ready for collection or (b) if some other place for delivery is agreed in writing by the Company, by the Company delivering or causing to be delivered the Goods to that place. Where the Goods are to be delivered to the Buyer's facility or nominated site, the Buyer shall be responsible for all unloading activities and the costs thereof. The Company reserves the right in all such cases to deliver the Goods to the nearest point of suitable access.

6.2 Any dates quoted for delivery of the Goods are approximate only. The Company shall not be liable for any delay in delivery of the Goods howsoever caused including by reason of late or non-submission by the Buyer of agreed data or information. Time for delivery shall not be of the essence.

6.3 The Company may, at its option, condition shipment under any order accepted by the Company upon receipt of satisfactory security or of cash before shipment.

6.4 If, at the Buyer's request, shipment of Products on an order accepted by the Company is delayed beyond the date the Products are ready for shipment, the Company may require immediate payment in full and/or

assess additional charges for storage and other expenses incident to such delay.

6.5 Where the Goods are to be delivered in instalments, each delivery shall constitute a separate contract. A failure by the Company to deliver any one or more of the instalments in accordance with these conditions or any claim by the Buyer in respect of any one or more instalments shall not entitle the Buyer to treat the Contract as repudiated.

6.6 If the Buyer fails for whatever reason to take delivery of all or any of the Goods by the date stipulated by the Company or otherwise agreed in the Contract, then without prejudice to any other right or remedy available to the Company including, but not limited to the right to enforce payment under Section 5.2 and assess charges as set forth in Section 6.7, the Company may at its sole discretion:

6.6.1 Store the Goods at the Buyer's cost and risk until actual delivery or 30 days (whichever shorter) and charge the Buyer for the reasonable storage costs (including transport, handling and insurance); and/or

6.6.2 Sell the Goods elsewhere after notifying the Buyer in writing of its intention to do so and claim the greater of the difference between the selling price of the Goods and the invoice price owed by the Buyer and liquidated damages of fifteen per cent (15%) of the invoice price of the Goods.

6.7 In addition to the rights set forth in Section 6.6, in the event the Buyer arranges for a carrier of its choice to take delivery of all or any of the Goods by the date stipulated by the Company or otherwise agreed in the Contract, and the carrier fails for whatever reason to do so, then without prejudice to any other right or remedy available to the Company including the right to enforce payment under Section 5.2, the Company may at its sole discretion:

6.7.1 Charge the Buyer the fee set forth on Schedule A for storage for Goods not collected within a week of Company's notification to Buyer that the Goods are ready for collection;

6.7.2 Charge the Buyer the fee set forth on Schedule A if the Buyer's carrier provided no notification of cancellation of its appointment to take delivery of the Goods;

6.7.3 Charge the Buyer the fee set forth on Schedule A if Buyer's carrier provides less than 24 hours' notice of cancellation of its appointment to take delivery of the Goods; and

6.7.4 Charge the Buyer the fee set forth on Schedule A if Buyer's carrier provides more than 24 hours' notice of cancellation of pickup of the Goods.

Schedule A can be found at: [Insert Link]. Company reserves the right, in its sole discretion, to change the fees set forth on Schedule A, at any time, without notice.

## 7. CLAIMS RELATING TO DELIVERY

7.1 Any claim by the Buyer relating to either non-delivery or damage to all or part of the Goods or that the Goods are not in accordance with the Contract must be made to the Company in writing within seven days of the Buyer's receipt or deemed receipt of the Goods or, in the case of non-delivery of all the Goods, within ten days of the date of the Company's invoice. Failure to do so means that the Buyer shall be deemed to have accepted the Goods. Any claim by the Buyer must incorporate all relevant details and information and permit the Company or its agents reasonable access to inspect the Goods.

# PERKINS ENGINES COMPANY LIMITED TERMS & CONDITIONS OF SALE

7.2 In the event of a valid claim under Section 7.1 above, the Company's liability shall, at its option, be limited to delivery of the Goods or repaired or replacement Goods (as the case may be) at no cost to the Buyer to the originally agreed delivery point. All replaced Goods shall become the Company's property and under its instruction.

7.3 The Company will not accept the return of Goods supplied against an order, except by prior written agreement.

## 8. RISK AND TITLE

8.1 Risk of damage to or loss of the Goods shall pass to the Buyer upon delivery except as otherwise provided under paragraph 6.

8.2 Notwithstanding delivery and the passing of risk in the Goods, title in and to the Goods shall not pass to the Buyer until the Company has received in cash or cleared funds payment in full of the price of not only the Goods but all other goods or services agreed to be sold by the Company or any other legal entity within the Company's Group of companies to the Buyer for which payment is then due. Notwithstanding any passing of title in the particular Goods, this shall not serve to transfer to the Buyer or any user of the Goods any intellectual property rights in such items, which rights shall remain solely vested in the Company and its suppliers.

8.3 Until such time as title in the Goods passes to the Buyer, following delivery of the Goods to the Buyer, the Buyer shall hold the Goods as the Company's fiduciary agent and bailee and shall keep the Goods separate from those of the Buyer and third parties and properly stored, protected and insured as the Company's property.

Prior to the title passing the Buyer shall be entitled to resell or use the Goods in the ordinary course of its business. It shall account to the Company for the proceeds of sale or otherwise of the Goods (whether tangible or intangible including insurance proceeds) and shall keep all such proceeds separate from any other monies or property.

8.4 In the event the Buyer has failed to make payment in full for the Goods when due, until such time as title in the Goods passes to the Buyer (and provided the Goods are still in existence and have not been resold), the Company shall be entitled at any time to require the Buyer to hand over the Goods to the Company at the Buyer's expense. If the Buyer fails to do so, the Company may forthwith without any restrictions enter any premises of the Buyer or any third party where the Goods are stored and repossess the Goods without any liability thereby arising.

## 9. WARRANTIES AND LIABILITY

9.1 The Goods are warranted as provided in the Company's Service Warranty Manual in effect on the date of shipment of the Goods (which terms are deemed to be incorporated herein) and will be administered in accordance with the Company's standard warranty administration processes and procedures in effect from time to time. In the event of any conflict as between these terms and conditions and the terms of the Company's then current Service Warranty Manual, the latter shall prevail. All warranty service work and/or repairs on any Goods must be performed by a Company authorized service agent or representative.

Recommendations by the Company concerning the use, utilization, installation, application or properties of the Goods, are believed reliable, but the Company makes no warranty whatever with respect thereto. Any use or application of any recommendations or design or engineering services provided by the Company is at the discretion of the Buyer, and the Company shall incur no liability or any obligations as a result of such use or application.

9.2 Subject as expressly provided in this section, all warranties, conditions or other terms implied by statute or common law are excluded to the fullest extent permitted by law.

9.3 Subject to paragraph 9.4 and, to the maximum extent permitted by law, (a) the Company shall not be liable to the Buyer for any loss of production, work, data, use, actual or anticipated business, goodwill, reputation, revenue or profit, any diminution in value, costs of replacement goods or services, losses resulting from or related to downtime of the Goods or the cost of replacement power or compression, business interruption, savings, or competitive advantage, or any special, indirect, punitive, exemplary, incidental or consequential loss, damage, expense or cost, whether direct or indirect, regardless of whether Company had advance notice of the potential of any such damages, howsoever arising out of or in connection with the supply of the Goods or their use or resale by the Buyer, and (b) the Company's maximum liability howsoever arising out of or in relation to the Contract shall be limited to the invoiced value of the Goods concerned. CERTAIN LAWS DO NOT ALLOW EXCLUSION OF OR LIMITATIONS ON IMPLIED WARRANTIES, OR THE EXCLUSION OR LIMITATION OF CERTAIN DAMAGES. IF THESE LAWS APPLY, SOME OR ALL OF THE DISCLAIMERS, EXCLUSIONS, OR LIMITATIONS CONTAINED IN THIS SECTION 9, MAY NOT APPLY TO YOU, AND YOU MAY HAVE ADDITIONAL RIGHTS TO THOSE CONTAINED HEREIN.

9.4 Nothing in these conditions shall have the effect of excluding or restricting the liability of the Company for death or personal injury resulting from the Company's negligence.

9.5 The Buyer will carry out all certification activities relating to products into which the Goods are incorporated and will ensure that the Goods comply with legislation in force in territories where they are to be sold or used. The Buyer shall indemnify the Company against all liability, loss, damages, costs and expenses howsoever arising from any breach of this obligation.

## 10. FORCE MAJEURE

The Company shall not be liable to the Buyer or be deemed to be in breach by reason of any delay in performing or any failure to perform any obligation in relation to the Goods if the delay or failure is due to any cause beyond the Company's reasonable control, including but not limited to: acts of God, flood, drought, earthquake or other natural disaster; epidemic or pandemic; terrorist attack, civil war, civil commotion or riots, war, threat of or preparation for war, armed conflict, imposition of sanctions, embargo, or breaking off of diplomatic relations; nuclear, chemical or biological contamination or sonic boom; any law or any official or unofficial acts, orders, regulations, or restrictions of any foreign or domestic government, agency or public authority thereof, including without limitation imposing an export or import restriction, quota or prohibition, or failing to grant a necessary licence or consent; collapse of buildings, fire, explosion or accident; any labour or trade dispute, strikes, industrial action or lockouts; non-performance by suppliers or subcontractors (other than by companies in the same group as the party seeking to rely on this Section 10); failures, shortages, or delays in Seller's usual sources of labor or material supply; and interruption or failure of utility service. Seller shall have a reasonable extension of the time for performance when delayed by any such cause and may cancel any Order, at its option, without any liability if any excusable event is expected to exceed sixty (60) days.

## 11. INSOLVENCY OF BUYER

11.1 The Company shall be entitled either to cancel the Contract in whole or in part or to suspend any further deliveries of Goods or performance of

# PERKINS ENGINES COMPANY LIMITED TERMS & CONDITIONS OF SALE

services under such Contract without any liability to the Buyer forthwith by written notice if (a) the Buyer makes any voluntary arrangement with its creditors or becomes subject to an administration order or becomes bankrupt or goes into liquidation, or a receiver is appointed over any of the property or assets of the Buyer; or (b) the Buyer ceases or threatens to cease to carry on business or is unable in the Company's reasonable opinion to meet its debts as they fall due; or (c) the Company has reasonable grounds for believing that any of these events is about to occur in relation to the Buyer.

The above rights shall be in addition to any other rights of the Company in such circumstances.

11.2 If any Goods have been delivered or services performed but not paid for, then the price shall become immediately due and payable notwithstanding any previous arrangement to the contrary.

## 12. COMPLIANCE WITH LAWS

12.1 The Buyer understands and agrees that the Goods, software and components contained therein, and related technology and technical information, as well as performance by the parties under the Contract, are subject to applicable laws, rules, regulations, directives, ordinances, orders, and statutes of the United States of America, England, and, as applicable, other countries and territories (the "Laws"). In connection with the Contract and its dealings with the Company and its affiliates and/or their products and services, the Buyer agrees to comply with such applicable Laws, including but not limited to those related to bribery, fraud, corruption, and international trade, including, but not limited to, the U.S. Foreign Corrupt Practices Act, the UK Bribery Act, and any applicable anti-bribery Laws of other countries, the U.S. Export Administration Regulations, the U.S. International Traffic in Arms Regulations, the Laws administered by the U.S. Treasury Department Office of Foreign Assets Control and the U.S. Department of State, the Laws administered by the UK Office of Financial Sanctions Implementation (OFSI), the UK Department for Business, Energy & Industrial Strategy (BEIS), and any other applicable international trade Laws of other countries. The Buyer represents and warrants that it has not acted, will not act, and has not and will not cause, directly or indirectly, any other party to act, in any manner that would cause Company, or any of its affiliates, or any persons employed by Company or its affiliates, to violate the Laws.

12.2 The Buyer further represents and warrants that neither it nor any of its directors, officers, employees, representatives, or agents have engaged, and agrees they will not engage in, Bribery in connection with its performance under the Contract or any other agreement with the Company or its affiliates or their respective directors, officers, employees, representatives, agents, successors, or assigns. As used herein, Bribery means the offering, promising, giving, or authorizing of any payment or transfer of anything of value, directly or indirectly through third parties, to any person for the purpose of influencing any act or decision of such person or securing an improper advantage to assist the Company or its affiliates in obtaining, retaining or conducting business.

12.3 The Buyer agrees not to export, re-export, supply, provide, transmit, transfer, or divert the Goods, technology, software or services directly or indirectly to any country, entity, or person in violation of the Laws, to any party located in Cuba, Iran, North Korea, Syria, Russia, or non-government controlled Ukrainian territory, or any other embargoed or sanctioned country or territory, or to any person or entity listed or otherwise deemed to be blocked, prohibited or trade-restricted by any applicable government.

12.4 If the Company has reason to believe that the Buyer is not in compliance with the Laws and/or the Contract, the Company reserves the right to audit, or to have the Company's authorized representatives

conduct audits, to ascertain the extent of the Buyer's non-compliance with the Laws and/or the Contract. Upon the Company's request, the Buyer shall at its expense provide to the Company in a timely manner any and all material, documentation, information, data, and/or certification(s) regarding the Buyer's compliance with the Laws and the Contract.

12.5 The Buyer agrees to indemnify, defend, and hold harmless the Company, the Company's affiliates, and the Company's and the Company's affiliates' respective directors, officers, employees, agents, successors, and assigns, against any demands, liabilities, fines, penalties, losses, and damages (including costs, investigation and litigation expenses and counsel fees incurred in connection therewith) arising out of or related to the Buyer's non-compliance with the Laws and its obligations under the Contract. In the event the Buyer becomes the subject of an enforcement action, receives an information request, or receives a communication in relation to an investigation from any regulatory or government entity relating to the Buyer's performance under Contract or any other dealings with Company or its affiliates, the Buyer shall provide to the Company written notice not later than ten (10) business days following such enforcement action, the date it received a communication concerning an investigation or received an information request, or the earliest date thereafter if prohibited from earlier disclosure by applicable law.

## 13. TRADEMARK, TRADE DRESS, AND REPRESENTATIONS

Buyer agrees not to use, or allow the use of, any trademark, name or trade name, service mark, trade dress, or other designation of, or owned by, Company or its affiliates in connection with Buyer's business or otherwise unless Buyer enters into a trademark license agreement with Company. Unless otherwise agreed to by Company in writing under the terms of a separate distribution agreement, Buyer shall not represent itself to anyone or any customer, entity, or third party as a distributor, dealer, reseller, or agent of Company in particular or Caterpillar in general. If Company, in its sole discretion, determines that Buyer breached this Section 13, Company is permitted to terminate this Agreement immediately and without liability to Company.

## 14. GENERAL

14.1 Any notice required or permitted to be given by either party to the other under these conditions shall be in writing addressed to the other Party at its registered office or such other address as may have been notified in writing.

14.2 The Buyer shall take all necessary steps to protect the Company's Confidential Information with at least the same degree of care that the Buyer uses to protect its own confidential and proprietary information of like kind, but in no event less than reasonable care. Confidential Information means all information relating to the Company's products or operations that is disclosed to the Buyer or created during the performance of the Contract. Confidential Information includes all business or technical information that is disclosed to the Buyer, directly or indirectly, in writing, orally or visually, but does not include information that (a) was already in the Buyer's possession before its receipt from the Company without restriction on its use or disclosure; (b) is or becomes available to the general public through no act or fault of the Buyer; or (c) is rightfully disclosed to the Buyer by a third party without restriction on its use or disclosure.

14.3 No waiver by the Company of any breach of these conditions by the Buyer shall be considered as a waiver of any subsequent breach of the same or any other proviso. 14.4 No waiver by the Company of any breach, default or omission by the Buyer in the performance or observance of any of its obligations hereunder shall be valid unless agreed by the Company in signed writing and no such waiver shall apply to or be deemed a waiver

## PERKINS ENGINES COMPANY LIMITED TERMS & CONDITIONS OF SALE

of any other breach, default or omission hereunder.

14.5 No variation of these terms and conditions will be binding unless expressly accepted by the Company in writing. All other terms and conditions are hereby expressly excluded.

14.6 If any provision of these conditions is held by any competent authority to be invalid or unenforceable in whole or in part the validity of the other provisos of these conditions shall not be affected.

14.7 The Contract and all matters related to it shall be governed by the laws of England and all disputes and related matters shall be subject to the exclusive jurisdiction of the English Courts.

14.8 The Company may, at its option, assign or subcontract the whole or any part of the Contract to any third party. Any assignment of Buyer's rights or obligations under the Contract shall be null and void unless Seller consents in writing.

14.9 Neither the expiration nor the termination of this Agreement shall affect any rights of Company which shall have accrued prior to the date of such expiration or termination, and in the event of the termination of this Agreement by Company because of a breach by Buyer, Company shall retain its remedy for the breach of the entire Agreement. In particular, it is expressly agreed by the Parties that the obligations regarding warranty, indemnity, limitations of liability, dispute resolution, governing law, jurisdiction, export control, compliance with laws, cancellation, and confidentiality shall survive termination of this Agreement

Dear Customer,

Caterpillar Inc. and its subsidiaries ("Caterpillar") have a robust enterprise-wide program to ensure compliance with applicable export control laws, which incorporates best practices. This program is embodied in Our Values in Action Caterpillar's Code of Conduct.

*"We are committed to following applicable international trade laws including import and export controls regulations, and compliance with sanctions and anti-boycott laws. Each of us has a responsibility to ensure that we comply with trade laws and regulations in any country where we do business."*

We hereby confirm that, as applicable, any items in Shipment Number(s):

800300602 - 23.01.2026

from Perkins Engines Company Ltd that are covered by the current relevant regulations as listed below:

- o do not incorporate iron and/or steel products originating in Russia and/or
- o do not contain certain iron and/or steel products, directly or indirectly, that are restricted for import into the EU, UK, or Switzerland, and/or
- o do not contain products that are processed in a third country and contain iron and/or steel products, directly or indirectly, all as referenced in the following regulations and/or were received into Perkins inventory prior to June 23, 2023 and therefore the following regulations do not apply to such products.
  - o Annex XVII, as per article 3 g of (EU) Council Regulation No 833/2014 concerning 'restrictive measures in view of Russia's actions destabilizing the situation in Ukraine'; and
  - o Schedule 3B, as per Regulation 461A and 461B of the (UK) Russia Sanctions Regulations.

With best regards,
